HOOKS is a family of functionally decorative hangers. The shape came from the play of repeating a small hook. It is small, but its many hooks offer a lot of organizing options before it is full. Objects ranging from keys to clothes to coats can be hung on the versatile hooks. When empty, it becomes an ornament reminiscent of a flower on the wall.

HOOKS多用途掛勾是以日常生活中常見的三款掛勾形狀為基本元素，幾何方式重複排列而成三款如花朵般的掛勾設計。單獨的小掛勾可掛鑰匙，大掛勾可掛衣服、圍巾、雨傘等物件。不掛上任何東西時可視為裝飾品，不同顏色與款式的組合變化，可為室內空間增添美感。

Assembly

Step1

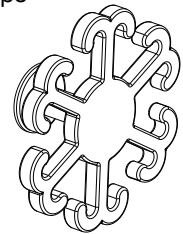

Twist to unscrew the base off the hook.

Step2

Screw in the base on the desired location on the wall. Then rotate the hook on the base to secure it on the wall.

Step3

Complete.
